BUMPER CROPS NOW ASSURED.

Wet Winter Means Frosts Will Be Avoided.

Excess of Moisture Is Welcomed by Growers.

Vineyards Will Produce Record-Breaking Yield.

STOCKTON (Cal.) April 2.—[Exclusive Dispatch.] Though it may be early to make predictions on the crops, those who have been closely following conditions declare that not in many years have they been so favorable as at present. Hereafter pests have been kept at bay and the weather has been just what the crops needed.

The trees are budding and blooming in profusion and there is every indication of a large fruit crop. The one thing most feared by orchardists is frost, but old timers who have kept records assert that never in the history of California has a fruit crop been damaged by frost when there was a very wet winter. The past winter has been the best kind and a vengeance and growers are highly elated over the prospects.

Vineyardists are putting their vines in shape for a record breaking crop, and the extra moisture is duly appreciated. The growing grain has received so much moisture that it can get on without more rain, but showers would be beneficial, as the dampness would soften the top crust.

STOCKTON (Cal.) April 2.—[Exclusive Dispatch.] The automobile was wrecked in a collision with a horse-drawn wagon on the main highway between Stockton and the city.

The automobile was driven by a man named John H. Smith, who was traveling from Stockton to the city. The horse-drawn wagon was driven by a man named John H. Smith, who was traveling from the city to Stockton.

MILLER VIEWS A GOULD ROAD.

His Auditors Examine Books of Missouri Pacific.

Rumor Says He May Become Its President.

He Reaches Pueblo (Colo.) in a Special Train.

ST. LOUIS (Mo.) April 2.—[Exclusive Dispatch.] After being out from New York for two weeks a special train of five private cars arrived late last night and was sidetracked nearly two miles from the Union Station, on the Missouri Pacific road. The train brought Henry L. Miller, president of the Buffalo and Saginaw Railroad, who is believed to have been selected president of the Missouri Pacific.

Mr. Miller was accompanied by J. C. Crockett, general manager, and other officers of the Buffalo road. Mr. Crockett said the inspector had been offered the presidency of the Missouri Pacific and at George Gould's request had been making a thorough inspection of the system.

Mr. Crockett was the only one of the party who would talk. He said Miller had been offered the presidency of the Missouri Pacific and at George Gould's request had been making a thorough inspection of the system.

BOURBON PLANS.

(Continued from First Page.)

In June before consideration could be given in the senate to a House bill dealing with even one session of the Payne-Aldrich law. There is said to be no disposition on the part of the present Senate Republicans to block legislation of comparatively minor importance.

There is likely to be considerable legislation for the District of Columbia, the affairs of the capital having been wholly neglected during the last regular session, and it is even stated that the subject of the reappointment of representation in the House to accord with the figures of the thirteenth census may be taken up in the Senate.

The Senate Republicans are without a caucus chairman. Senator Hale, the former chairman, will not be in the new Congress. The caucus call will be made by petition and the meeting will be held either Tuesday afternoon or Wednesday. Senator Cullom of Illinois will be chosen chairman because, after Senator Frye, who has declined on account of ill health, he is the senior Republican in the Senate.

DEMOCRATS TO GO AHEAD. Senator Gallinger of New Hampshire, will be made chairman of the Senate Committee on Commerce. It is expected that the committee assignments in the new Congress will clearly indicate the purpose of the regulars to give increased recognition to the progressives. The Democratic House leaders tonight indicated that they will go ahead with their program in the House, regardless of the probable fate of their measure in the Senate, until such a time as the Senate clearly demonstrates that it will give no consideration to general legislation during the extra session.

It is said that some of the Democratic members of the Senate are strongly in favor of waiting until the regular session convenes before revising the tariff. They declare that the Republicans already have passed big appropriation bills for the next fiscal year and that the revenues must be raised to meet them. During the regular session the tariff could be revised and the new appropriation bills scaled down accordingly.

FAMILY REUNION ENDS. Theodore Roosevelt departs for Reno and his wife and daughter will go on to New York.

ASSOCIATED PRESS NIGHT REPORT. SAN FRANCISCO, April 2.—[Exclusive Dispatch.] The reunion of the Roosevelt family in the home of Theodore Roosevelt, Jr., the former President's eldest son, came to an end and Mr. Roosevelt began the latter half of the journey which he had repeatedly declared in his last extended speaking tour.

Mr. Roosevelt and his daughter, Ethel, will not accompany Mr. Roosevelt during the remainder of his tour. They will spend a day or two in Yosemite, during the present week, and on their return to this city will go directly to New York, arriving a few days in advance of Mr. Roosevelt.

He will spend the entire day tomorrow in Reno, and the only announced subject on which he will speak is "Good Citizenship."

Mr. Roosevelt returns to Sacramento Monday night and after a brief stay in that city proceeds north, arriving in Portland, Or., Wednesday afternoon. No hint of the subjects he will discuss in the northwest has been given out.

CO-EDS ARE PROTESTING. Cornell Students Don't Want to Bunk in the Dormitory With Two Colored Girls Are Admitted.

ITHACA (N. Y.) April 2.—[Exclusive Dispatch.] Miss Rose Vassar and Miss Pauline A. Ray, negroes, whose request for rooms in Sage College, Cornell University, caused a rumpus among the co-eds, say they have no intention of seeking social equality among the students before making their application. They deny they are making a test case.

Wives of Acid Drive Families to the Street.

Police in Muscatine (Ia.) to Protect Property.

ST. LOUIS (Mo.) April 2.—[Exclusive Dispatch.] The strike of 3000 button workers in Muscatine, Iowa, has taken a very serious turn this morning. A couple of bombs were thrown from three houses where non-union factory employees reside.

Mayor Hill today, issued a proclamation offering a reward for the arrest and conviction of any of the persons located in the bomb throwing outburst. He said that more desperate methods will be employed additional policemen are being sworn in to get at the property in jeopardy.

A bomb was thrown about 2 a.m. from the house of Samuel Orloski, a non-union worker, and J. A. Kleinholder.

Powerful explosives were used in them, however, while the wives of the workers were badly injured. One was injured.

Fumes from the acids in the houses were stifling and several families were forced to flee the open air.

The perpetrators of the deeds broke down and dropped the bombs into them. Girls who have been working in the plants had been previously warned and fled.

Man Killed and Three Others Wounded.

Attack on the State Prison Had Been Planned.

Marican Town Is Hourly Expecting a Battle.

Associated Press Night Report.] EL PASO, April 2.—Francisco S. Madero, the sick man, is the father of Francisco Madero and grand-father of Francisco L. Madero, Jr., the insurrection leader now operating in the State of Chihuahua.

Don Salvador left here early this morning for Nueva Lareda. No sooner had he reached Mexican soil than he was taken from the train. He will be held until Monday or Tuesday, when a complete inquiry into his motives in entering Mexico will be made.

If, upon investigation, it is found that his sole object is to visit his sick father in Monterey, he will be released, but will be kept under strict surveillance. Today was a feast day in Nueva Lareda and was lavishly celebrated. It is the anniversary of the victory of the forces of Gen. Diaz over the French in Puebla. Tranquility prevailed throughout the festivities.

DRUNKEN INSURRECTOS FALL INTO TRAP. [Associated Press Night Report.] CHIHUAHUA (Mex.) April 2.—Thirty-four rebels were killed and scores were wounded in a clash between a detachment of 250 Federal soldiers and 150 insurrectos at Aldama Friday night. The insurrectos are said to have been shot down in a running fight following a surprise attack by Federals. Diaz soldiers say they lost only four men killed, two of whom were lieutenants who led the chase.

The route followed an ory in which the insurrectos engaged after they had marched into Aldama without resistance on Friday. Not anticipating attack their officers issued invitations to a dance and then began killing twenty dead of cattle, announcing they had guns. They fled toward the town. Among the rebel dead are Captains Francisco and Jose Portillo, brothers.

JUNTA PERSIST THAT DIAZ MUST RESIGN. [Associated Press Night Report.] SAN ANTONIO (Tex.) April 2.—As for now last Tuesday, the first steps looking to the restoration of peace in Mexico are proceeding with all possible speed.

Francisco I. Madero, Sr., Alfonso Madero, Roque Estrada, and Anselmo Hernandez, arrived at El Paso tonight. Hernandez, it was stated today, by Juan Sanchez Azcona, a member of the insurrection junta here, is the representative of Minister Limantour.

Senor Azcona emphasized the statement that the El Paso programme is for peace giving them the fullest assurance of a real and binding conference if the preliminaries succeed. Estrada is a lawyer and a member of the junta. His home is in Mazatlan, Mex.

Senor Azcona said that the delegation named will wait at El Paso, if they go into Mexico at all, for passports giving them the fullest assurance of safety. It may not be necessary for them to leave American soil in case Francisco I. Madero, the younger, had digested Limantour's tentative proposals and, as is hoped, has already dispatched a messenger from his camp to El Paso.

Should the trip into Chihuahua be necessary, automobiles will be used over the direct road from El Paso, the railroad being out of commission. Members of the junta today reiterated in a general way their comments on President Diaz's message to Congress as being unsatisfactory. They made direct reference to any real move on the government's part to secure peace. In fact, it is held rather to minimize

Full of Suggestions. HEAD OF INSURGENT JUNTA AT WASHINGTON TALKS OF PEACE. Dr. Vasquez Gomez Claims to See in Message of President Diaz Overtures for Cessation of Hostilities—Rebels Must Come, He Says, or Rebel War Will Be Waged to Certain Victory.

[Associated Press Night Report.] WASHINGTON, April 2.—Pointing out that the message of President Diaz to the Mexican Congress in the demands of the Mexican revolutionists, Dr. Vasquez Gomez, head of the confidential agency of the revolution here, tonight issued a statement suggesting two solutions of the Mexican problem.

The government of President Diaz, he declared, "by throwing aside its arms and furnishing proof of its patriotism, putting an end to the conflict and arranging the best manner of terminating the reforms and just claims of the revolutionists," or the government to continue to the final triumph of the revolutionists. He said that if the revolutionists were obliged to pursue the demands of justice and humanity the government would recognize the belatedness of the insurrection.

the importance of the revolt. Complete reforms are advocated but the pressure of the revolutionists in securing them is not recognized. The insurrectos hold that Diaz must do more than his message promises. He must resign and make way for a free election. Senor Azcona declared, like others of the junta, that should formal and binding negotiations result, they must be held on neutral soil, and that their contents must be made public on neutral soil. This is a detail of the recognition which the revolutionists claim as their right.

The Associated Press interview secured with Francisco Madero, Jr., in the field west of Chihuahua, was read with interest. It was accepted as a definite statement by the rebel leader of his demands—the basis for entering negotiations of a formal character.

MADERO, SR., ARRIVES AT EL PASO, RETICENT. [Associated Press Night Report.] EL PASO, April 2.—Revels of peace rumors were started tonight with the arrival here of Francisco Madero, Sr., and Alfonso Madero, father and brother of the Mexican insurrection President, Roque Estrada, a Mexico City lawyer, and Rafael Hernandez. They came from San Antonio.

The two Maderos refused to make any statements. Asked if he had come on a mission of peace, the senior Madero said: "Perhaps so, I will tell you later."

Replying to a question as to when he had last seen his son, Francisco, he said: "I have not seen him since he left San Antonio three months ago or more."

Gonzalez Garza, insurrection Secretary of State, met the two Maderos and accompanied them to their hotel, where a conference opened at once. For some time Garza has been declaring that he did not believe in the peace rumors.

So far as can be learned, there are no representatives here of the Federal government, but the insurrection junta is supposed to be in communication by courier with Francisco Madero, with the army near Chihuahua. In an interview given the Associated Press tonight at the close of the conference, Alfonso Madero declared he was unable to make known the object of their visit to El Paso now but expected to be able to give out something tomorrow or Tuesday after they throw light on their visit. He indicated, however, that fighting would continue unless demands of the insurrectos were granted and said that demands were being prepared by the men in the field.

"Will you meet Francisco I. Madero, Jr. here?" he was asked. "No sir," he replied. "Are you sending messengers to him?" "That I cannot tell you."

"Are peace negotiations pending?" "There will be further fighting?" "That depends. If the government grants our demands, there will be no fighting. If not, there will be more fighting."

Francisco I. Madero, Sr., declined to be interviewed. BIG TOWNS OF CHINA. Population of Three Hundred Thousand and More Good Markets for Foreign Goods.

[United States Consular Report.] Except for Sianfu, the capital city, Sienfu is as far removed from western civilization as is Central and Southern Shensi. Sianfu is one of the oldest cities in China. It is situated in the Wei basin, one of the most fertile valleys in all of China. This basin is commonly known as the Cradle of the Chinese Empire. Sianfu has a population of about 200,000. Its principal business street is several miles long and lined throughout the entire length with shops, but few indeed are the shops in which can be found any foreign goods. These few so-called foreign-goods shops, carry condensed milk, kerosene lamps, cigarettes, cheap cutlery, toilet articles and toilet soaps, cheap notions and some foreign cotton goods. One of the articles which many of the foreign-goods shops in Sianfu as well as in most cities in China carry is health underwear. The people of Sienfu exhibit no aversion to things western—in fact, seem to be very favorably inclined to foreign things. So soon as the Wei basin is tapped by a railroad we may expect wonderful changes in this cradle of the empire.

Sianfu's only modern industrial institution is a match factory, manufacturing sulphur matches put up in much the same form as the old block sulphur matches common to the earlier days in California. Chengtu, the capital of Szechuan, is one of the wealthiest Chinese cities in the empire. It claims a population of 250,000, according to a recent census. The city has broad, clean streets, paved with flagstones. There is no other city in China except Canton which has such fine shops as has Chengtu. As the city is not a treaty port, and as it is far removed from foreign influences, being 2100 miles up the Yangtze, foreign goods have been very slowly finding a market here. There are probably about 200 foreign missionaries in and about Chengtu. These have been instrumental in introducing many western ideas, and western ideas naturally follow with the use of many foreign goods. In the foreign-goods shops of Chengtu can be purchased watches, clocks, gramophones, kerosene and patent vapor lamps, sewing machines, eyeglasses, cheap jewelry, cutlery, knives, hardware, school supplies, toilet soaps, cheap foreign framed pictures, blankets, condensed milk, a few foreign tinied goods, cigarettes, patent medicines, shirtings, sheetings, health underwear, cotton socks, cheap notions, thread, needles, pins, buttons, enameled ware, etc.

A Grumpy Admiral. They got to telling stories at the Army and Navy Club about Admiral Sir John Fisher, who recently resigned as first sea lord of England. Admiral Fisher is a bluff, blunt, old-fashioned seaman, about whom anecdotes cluster as bees on a honeysuckle. One of the classics has to do with a former boatswain on Fisher's ship, who insisted upon seeing him at the admiralty offices in London. Fisher was busy and refused to be bothered. "He'll stay 'till he do see 'im," said the boatswain. Sir John was not in a good humor, and when this was reported to him, he snapped out: "I'll see him in hell."

Delaware Race War Lasted Over Three Hours.

Threats in Laurel to Lynch Negro if Captured.

[Associated Press Night Report.] LAUREL (Del.) April 2.—About 10 o'clock Saturday night, a mob of armed negroes swooped down upon a crowd of spectators in the main thoroughfare of the town and fired a volley of buckshot into the crowd.

Orme Stockley, 18 years old, son of a farmer living near Laurel, fell to the ground shot through the head. He was taken to a hospital in Salisbury, Md.; where he died today. George Hudson, 50 years old, a white man of Bethel, was shot in the leg, necessitating amputation, and John Thompson, a white barber, was shot in both legs while shaving a patron.

Other white men received minor injuries. Several negroes were injured, but they cannot be located. Officers were unable to cope with the mob and there was a fierce struggle between the two races until after 3 o'clock this morning.

When it was learned that young Stockley had died, Chief of Police Ellis and others, entered the colored section and raided the house which was said to be the headquarters of the negro rioters. Three wounded ring-leaders were arrested and taken to the County Jail.

Earl Richards, a 15-year-old white boy, stole his father's revolver and captured George Wright, a negro, for whom the authorities have been looking for more than a year. Richards compelled the negro to hold up his hands until the officers arrived. Wright is said to be wanted in Virginia for the alleged murder of a white boy.

Officers are endeavoring to apprehend the negro who fired the fatal shot at young Stockley. Open threats have been made of lynching when he is captured. HOLY MESS IN THE HOLY CITY. Dowie's Zion Rent Asunder by Approach of Election Day—Bums Brought in to Cast Their Ballots.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, April 2.—[Exclusive Dispatch.] John Alexander Dowie's "Holy City," on the north shore, is in the throes of a political struggle that for ferocity and violence eclipses the armies of bitter battles over religion that followed the passing of the "Prophet."

In the same Zion City that was to be ruled forever by the unadorned spirit of brotherly love are flying charges more characteristic of First Ward politics in Chicago than of a semi-rural community—charges of graft and wholesale importation of "floaters" or the vice election.

Two residences on streets the names of which suggest holiness and piety, the old Judd place in Galilee street and the Schattschneider home in Bethel street, were the scene of a riotous horde of "colonists," unshaven and unkempt wanderers, brought bag and baggage from the div of Waikanae and Chicago by the vote-greedy. Violence is feared at the coming election.

A Savings Plan for Home Builders

This Plan is used by one of our depositors with conspicuous success. It offers a system of saving money that every home-builder can use.

"Here is a plan for people who now own their own homes, but find they really do not save any more than when they were paying rent out of the same income. Each month, just as regularly as you would pay a landlord, deposit the amount formerly paid for rent in the Los Angeles Trust & Savings Bank and the money, instead of being wasted on trivial things, will accumulate until there is enough for something worth while."

The Los Angeles Trust & Savings Bank pays 4% interest computed every six months on Savings Deposits of \$1.00 or more. We invite you to open an account now.

NEGRO FIRES ON PURSUERS.

One White Man Dead, One Dying and Third Wounded in Race Riot in Louisiana.

[BY DIRECT WIRE TO THE TIMES.] NEW ORLEANS (La.) April 2.—[Exclusive Dispatch.] Aristide Guilbeau is dead, Drozan Dupuis Sr., is dying and Drozan Dupuis Jr., is seriously wounded, near Breaux Bridge, La., because Raoul Jean Baptiste, a negro twenty years old turned upon them when they attempted to chastise him for stealing chickens. He emptied his revolver at close range. After the tragedy, the negro, feeling that jail was the safest place for him, surrendered to the sheriff and is now under guard.

A long series of thefts of pullets aroused the ire of the countryside. Dupuis and his son, with Guilbeau, watched night after night and finally fixed the guilt to their own satisfaction upon the young negro. They proceeded to the negro's cabin armed only with horsewhips to lash his back. They called him to the door. He appeared and they explained their presence, meanwhile inviting him out. The negro fled and was pursued. When further flight was useless he turned and shot. Dupuis, the father, cannot live through the night. His son is in a serious condition. Guilbeau died instantly. Guilbeau is survived by a widow and twelve children. There is talk of lynching, but the officers are taking measures to prevent violence.

ACCIDENTAL KILLING.

POOR TARGET SHOOTING. [Associated Press Night Report.] EVERETT (Wash.) April 2.—Virgil Bell, aged 30, of Lowell, Wash., was accidentally shot and killed by Mrs. Sarah Watson, near Mud Lake, two miles south of here late today. According to the account given to the authorities here, Bell and a friend were target shooting near the lake when a party of Everett people, among whom was Mrs. Watson, happened along. The newcomers asked permission to try their skill with the rifle and while Bell was marking the target Mrs. Watson fired, the bullet passing through Bell's head.

Cost of Ignorance. Most of us have had experience that often a person unknowingly casts aside or throws away something of great price. Elias Morgan, living on Whidbee Island, Wash., found several dozen cans containing a substance resembling paint, and believing that a case of red paint had been washed ashore, he painted his old barn with the material. On taking a sample to town, he learned that the sticky fluid was pure opium, worth \$200 a can. As he had used thirty cans in painting the barn, the job cost just \$2000.—[The Christian Herald.]

FANS WITNESS FUNNY GAMES.

Beavers Win Morning Contest With Homer.

Steen and Archer Pitch Joke Ball at Matinee.

Pete Daley Fired Out of First Service for Kicking.

Sunday's Results.

At Los Angeles: Los Angeles, 4-10; Portland, 5-5.

At San Francisco: San Francisco, 1-4; Vernon, 6-5.

At Sacramento: Oakland, 2; Sacramento, 6. Ten innings.

Portland, 5; Los Angeles, 4. Morning game.

Two terrific explosions crashed out on the local ball fields yesterday. The noises that echoed back and forth from the fences were severe enough to shake all the rain out of the clouds that hung black and threatening over the city all day, but the wetness did not fall.

A cloudburst of strenuousity did break, however, in the afternoon and the downpour was so terrific that Big Six Steen, the best heavier of the Portland team, chased himself to the shelter of McCredie's displeasure, hopelessly beaten. Archer, who succeeded him in the afternoon game, was no better and when these two had been frazzled to a pulp in two innings the Angels had ten runs.

The morning contest at the Vernon grounds was little less startling, for with two out in the third inning the Beavers landed on Thorsen for three singles which netted one run. When Sheehan went to bat he looked the situation over and seeing two men on bases he made a mighty swipe at the ball. That swipe broke all the records of the Sheehan family, for it hit the ball over the left fence for a home run, which may be the first Tommy ever hit in his whole life. The Angels tied this score, but lost the game in the ninth.

More than 7000 fans saw the afternoon game, taking a chance with the rain that threatened to fall every minute. The drops did not come and this dryness was a sad blow to McCredie, for in a hard rain lay his only hope to have that game blotted off the books by a "no contest."

That afternoon game was a terrific joke in the way of a ball game, for in the first two innings the Angels made ten runs and the Beavers practically threw up their hands. Steen had showed such class before that McCredie shot him into the game with the hope of getting the seventh and deciding game of the series.

Here is where Mac got an awful poor aim on the future. Steen was in hot water from the first ball he pitched and the longer he remained in the game the hotter it became. He walked Akin and this bird advanced to second on a passed ball. Then Metzger singled to left and Moore followed with another sweat that scored Akin. Daley rapped out a double over third base that scored Metzger and Moore, to the great delight of the big crowd of fans. A double play and an out to Sheehan

ANGEL RECRUITS TO BE RELEASED.

Right Fielder Ed Teck, Pitcher George Coleman and Utility Fielder H. L. Deal, who have been trying out with the Los Angeles team, will be handed their unconditional releases today. Dillon has come to the conclusion that they are not Class A players and cannot find a place on the team for them. They have shown flashes of class at times but could not make good on account of their inexperience. Dillon thinks they would do well in a weaker league, where they will probably find berths. Walters were secured or them from the other league teams.

ANGELS SIGN NEW PLAYER.

Captain Frank Dillon of the Angels signed a new utility outfielder yesterday in Arthur Stadille and the boy affixed his signature to a contract before leaving the ball park. He played last year with the Shreveport team in Louisiana and later in the season went to the Vicksburg team. In September he came to this city and played for a time in the Winter League. For Vicksburg he hit .229 and fielded .923 in ninety games. He is a very promising recruit and Dillon thinks so much of him that he will be taken with the team on the trip North tonight.

VERNON DROPS TWO BATTLE

Miller Shut Out Hooley in Morning Game.

Hogan's Man Lost by Tim Swats in Afternoon.

Henley Enlivens the Show Long Home Run.

(BY DIRECT WIRE TO THE TIMES SAN FRANCISCO, April 2.—[Eve Dispatch.] Nine thousand and fanatics went dippy at Recre Park today. We have seen them ball crazy in other cities, but never had a better chance than in afternoon session, and to their they arose splendidly to the occasion.

Can you imagine a situation the score 3 to 2 against the home and only half an inning to play? work that imagination a little further until two Seals have scored, with more perched on second and third one out, and you know how it have felt to occupy a seat in the grandstand or bleachers at the Vain street grounds. Just figure you one of those wild-eyed individuals had lost consciousness of every but the possible chance of a San Francisco victory, watch Pitcher Brackridge of the Southerners, who thrown in cold to relieve a desperate state of affairs, and then follow left field drive by Oscar Vitt.

You can almost hear the crack the wood against the leather, can see Ross who was looking for easy bound, fumble the ball in recording and Lewis and Weaver dash at the plate, the one with the run tied and the other winning the victory.

There was plenty to keep the spectators on edge. They had a state that 1 to 6 score in the morning was won in the tenth by Maddo timely hit. Then they saw the 3 take a lead of two runs, one of was a homer by Henley. They watched Henley until he had struggled difficulty in the eighth. There protests of disapproval when he wisely removed because of his own ability to control the ball and of costly error at his back. There cheering as Sutor fanned the second man to face him with the bases and almost a silence as McDon cracked one into left that tallied runs and gave Vernon a lead.

Another wild error, which was had throw by Vitt, whose work up that togo had been sensational, two more of the Hoolekians around circuit. It was a lost cause, arg thousands of disappointed spectators, but they were holding on in spite the handicap and they found that worth the waiting for.

That ninth inning with the Seals had was a marvel. Strong men were trembling from excitement when it all over and their hands shaking, they congratulated each other shouted their well wishes to the who were already on a run for club-house.

Madden, sent in for Cutter, fled Brasher. Powell walked and McCredie's third hit for the day sent to second. Jimmy Lewis, substituting in center, cracked the boards of right field fence and Powell scored. McCredie reaching third. Tennie rolled a grounder down to first. Titled McCredie and the score within one of a tie. With Brackridge growing more and more was Weaver walked and stole. Then came Vitt and his left into the fence sent home both of the speedy runners ahead of him and wound up the game.

MORNING STRUGGLE.
Happy Hogan was in fields of clov at Oakland in the morning and we surely a happy individual. He lost a second of parading in the spotlight; had a monster crowd of volunteer Oakland rooters at his back; really pulled off something inside baseball with his base of players; rapped out a double himself. Now, why wouldn't Happy be pleased? There was but one larri feature to mar Happy's pleasant state of mind—the Vernons happened lose the game to the Seals.

It was a defeat, however, that eve a Napoleon could well feel proud of for the Seals were forced to go to innings before they brought about downfall of Vernon by a meager 1 to 6 score.

In the tenth inning Lewis beat out a grounder and McCredie sacrificed him to second. Melchior was walked on Tennant was given a life on Hoop bad error. Tommy Madden was substituted for Weaver, who suffered a off morning with the stick, and covered himself with glory by lining a sar larrup to right field, which allowe Lewis to score the winning and on run of the game. finally ended the inning, with three runs for the locals.
Steen took another chance in the second inning, but this must have been for the purpose of showing himself up. He soon found that he has about as much left on him as the fellow has whose wife gets up first in the morning to overhaul his clothes. He began

by walking Stadille, Smith and Criger, and having filled the bases, Akin stabbed Steen with a Texas leaguer back of first base that scored Stadille. Steen filled the bases again with a pass to Metzger and although he looked ap-

You may wonder what salt has to do with a Japanese wrestling tournament.

CHILDREN THE HOME

The highest type of happiness is reached by having children in the home; but the coming of the little ones is often attended with apprehension and dread. Mother's Friend if used by the expectant mother in preparation of the ordeal, carries her through the crisis with safety, her through the physical changes of the system, bodily comfort during the period of waiting, and preserves the purity of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is available at drug stores. Write for our free book containing valuable information for expectant mothers.

A Sale of St. Mary's Blankets
THE FINEST IN THE WORLD

If you could go through the mills and see every process through which wool goes which enters into these blankets, you would never buy any other brand.

We are giving away a booklet containing valuable and interesting information regarding their manufacture, and the way in which to wash blankets; and this week are making special prices upon these famous blankets, for which we have exclusive Los Angeles agency.

A Broadway window display gives some idea of the beauty of pattern and quality; included in the sale are baby blankets and the following regular sizes:

FOR TWIN BEDS, 3/4 SIZE.
\$5.00 blankets are \$3.75

NAPKINS AT \$3.25 DOZEN—All linen, bleached Shamrock brand; regularly \$4.00.
NAPKINS AT \$5.00 DOZEN—Regularly \$6.00; all linen.

SETS ARE REDUCED—Hemstitched sets, cloth and a dozen napkins to match, reduced twenty-five per cent. from regular prices.
BROCADE DAMASK—About 15 sets, unhemmed; and a lot of hemstitched sets in sizes from 2x2 to 2 1/2x1 1/2, are also reduced a fourth.

BATH TOWELS—At 35c, blue or pink borders; at 50c, good 65c value. Face towels also reduced.

Ready-to-Wear Garments
Gowns, suits, coats, ready, almost, to step into and wear away, are here in a profusion unparalleled—we say that advisedly; and so reasonably priced that many women who have heretofore had their gowns made by dressmakers, are buying of us, instead:

IMPORTED MODELS in gowns for street or afternoon wear are here in all the fashionable colors and materials—satin, crepe, tulle, brocade and printed foulards, messallines, etc.

TAILORED SUITS, at every price-step between \$25 and \$95 are here; the twenty-five dollar garments the best we ever had at the price; the more expensive sorts shown in satins, with fancy Elton jackets and new short models; white wools and the smart mixtures and men's goods now in favor.

WE ADVISE EARLY SELECTION lest in the rush of the last few days it may be impossible to get garments properly altered.

Special Sales of Dress Goods
Women who are their own dress-makers, or who prefer to have their gowns made to their order, will welcome such reductions as these on very popular materials:

FANCY BROCADED POPLINS, silk-and-wool mixtures, one of the most popular materials this season; in any color that is good; sold universally at \$3.25 a yard; on special sale here for \$1.50

GRAY SUITINGS, in Panama and serge weaves; 50 to 64 inches wide; splendid for hard wear and dust shedding qualities; inexpensive at \$1.00, \$1.25

A VARIETY OF WEAVES, in the most popular sorts; odds and ends of materials for street or home wear; values \$1.25 to \$1.75, on special clearing 95c

Silks for Easter Gowns
Not too late, even yet, to select the silk for an Easter frock, and have it made up in charming fashion. Space for mentioning only a few of the thousands of new things in stock.

NEW FOULARD SILKS—Queen's length in French make; in pattern lengths of a variety of styles.....\$20.00 pattern

Origins Nethercole will pay her annual visit to Los Angeles this week in a new play by Henri Bernstein, "The Redemption of Evelyn Vaudray," opening her engagement at Humberg's Majestic Theater tonight. "The Redemption of Evelyn Vaudray" is said to be one of the best of the Bernstein writings since "The Thief."

Alexander Panthages, founder and proprietor of the Panthages vaudeville circuit, is in Los Angeles again, after a flying visit to New York, where he secured a number of big feature acts for his theater. Mr. Panthages' troupe is a well known and popular one.

Three newcomers received the warmest welcome at the Humberg's Majestic Theater last night. The newcomers were a perfect delight to the audience and a perfect delight to the management.

ANGLE PRIZE TO BURN SPEED.

Trail of Cash Offer Will Be Taken Up Today.

es to Driver Making Most Miles in Race.

Owner Thinks His Car Will Turn Trick.

It is probable that a large cash prize will be hung up by the Motorboard to reward the driver who is big for the greatest number of miles during any one of the hours of the big twenty-four hour race which is scheduled to start at 12:01 p.m. Saturday afternoon.

The Brighton Beach races there is a prize for the greatest hour's score, it is usually the most drivers of the race in efforts to land the prize that is responsible for broken records. Manager Walter Hempel will decide the winner of the special prize today.

The big flat is undoubtedly the fastest of the twelve cars entered so far in the race, and owner Hewlett believes his driver will land the special prize as well as the race.

Mr. Hewlett tied last night: The Flat has entered has been through four of the New York races and has always proved its class. My drivers will handle the car in strict accordance with my driving orders and I am sure the Italian-made car will win any special prize offered when I get out for a big score in any particular hour.

Many owners and agents for large cars were afraid to enter the twenty-four hour race on account of the trouble to the Flat all distances look alike and ready to make a friendly wager on any entrant that my car can do any other car in the race for any distance or time, during the twenty-four hours.

While admitting the great speed of the Flat, the entrants of the lighter and smaller cars are counting on saving fuel by having fewer changes of tires. A factory representative of the Warrenton car, who is in the city, announced last night, that he expected to win the twenty-four hour race. SENIORS HAID LUCK.

LOSE IN TEN INNINGS.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, April 2.—[Exclusive Dispatch.] After putting up an exhibition of fast, clean baseball for nine innings and playing the Senators to a standstill in the tenth, Sacramento lost in the tenth inning today when Cutshaw and Bowser touched Thompson for two singles and Shinn and Lerchen contributed two costly errors. Prior to the tenth inning the Senators played pennant winning ball and completely outclassed the visitors in base running and fielding.

Only in hitting did the locals fail to produce the goods, and it was this failure that defeat was due. Three times during the game, Sacramento had men on second and third, but the hits which meant runs were not forthcoming and the base runners died, as long files or infield outs were made by their team-mates.

Oakland started off with a rush and when Magert landed on the first ball to produce the goods, and it was this failure that defeat was due. Three times during the game, Sacramento had men on second and third, but the hits which meant runs were not forthcoming and the base runners died, as long files or infield outs were made by their team-mates.

AVIATION MEET CLOSES WITH BOMBARDMENT OF ORANGES.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, April 2.—[Exclusive Dispatch.] The farewell aviation meet of the San Diego Aero-Club for the season at the Coronado Club today was a spectacular bombardment on a miniature scale of canvas and boards and boxes. The warplane and from a height of several hundred feet Aviator R. H. Robinson, in a Curtiss machine, dropped oranges, which when they landed on the right spot touched off a mine.

While perhaps not as realistic as a bombardment by real bombs, the warplane and from a height of several hundred feet Aviator R. H. Robinson, in a Curtiss machine, dropped oranges, which when they landed on the right spot touched off a mine.

NEW SWIMMING RECORD.

Frank Holbrook Clips Fifth of a Second from His Previous Mark in Twenty-Five-Yard Swim.

(Special Correspondent of The Times.)
REDONDO BEACH, April 2.—Frank Holbrook, holder of the world's professional swimming records, 25, 50 and 100 yards, today lowered his own twenty-five-yard time in the Redondo Beach pool. Holbrook made the twenty-five-yard dash in eleven seconds flat, one-fifth of a second less than his previous record.

A few minutes before he made the twenty-five-yard dash he swam fifty yards in 25.1-2 while the fifty-yard record is 25.1-4 while that of Davidson, who holds the world's amateur championship, is 25.4-2 seconds.

He will play "sprint" with the Redondo Water Polo team in the game Friday evening at Redondo Beach against Venice. A hotly contested game is promised as both teams are strong.

HAIR HEALTH.

If You Have Scalp or Hair Trouble, Take Advantage of This Offer

We could not afford to do so strongly endorse Rexal "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexal "93" Hair Tonic will give entire satisfaction to the hair, we would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexal "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexal "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c and \$1.00. Sold only at our stores: The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal., Seattle, Wash., Portland, Ore.

It is reported that Berthold, with a rebel band, is somewhere northeast of Alamo, and it is believed that if he is anywhere near Lagunas, Baja California, a collision between his force and one of the detachments of Mayorga's army is certain.

Reports from government agents at Mexicali are that the rebels are making preparations for defense at that place. Their numbers are decreasing through desertion. No fear is entertained here of a rebel invasion. Reports that a rebel band is riding through the country south of this place are given no credit and are denied by government officials here.

Mexican Soldiers Did Not Intend Their Lead to Carry Into the Camp of the Americans.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN ANTONIO (Tex.) April 2.—Full reports of the firing on American troops at Presidio by the Mexicans were received here today by Gen. Duncan.

The investigation proved that the shooting was unintentional. The

garrison at Ojinaga is besieged by the insurgents and shots are constantly being exchanged.

A patrol was sent out from the garrison to reconnoiter and, while so engaged, it was thought that the

shots carried across the river and landed near several American soldiers.

MUSICIAN HAD THREATENED TO DYNAMITE A DENVER BANK.

Special Officer at Whom a Denver Woman, While Extorting Money, Exploded, Arrests the Player Who Had Been Deceived by an Ad.

[BY DIRECT WIRE TO THE TIMES.]

DENVER, April 2.—[Exclusive Dispatch.] P. Eckert, a musician, 35 years old, was arrested tonight at the First National Bank where he had gone to keep an appointment at which he was to receive \$200. For more than a month he had been endeavoring to extort the amount from the family of David H. Moffat, late president of the bank.

While Mr. Moffat was in New York, prior to his death, letters began coming to the bank addressed to Mr. Moffat and threatening the destruction of the bank by dynamite unless Mr. Moffat paid the writer \$2000.

Since Mr. Moffat's death, the letters continued to arrive until a day or two ago, the writer, apparently not knowing that Mr. Moffat was dead, continued to threaten the destruction of the bank by dynamite unless Mr. Moffat paid the writer \$2000.

Fred Moffat, nephew of the dead banker, who, since his uncle's death has taken charge of the Moffat affairs, put the letters in the hands of J. R. McDonald, special officer of the bank.

McDonald, in response to the demands of the writer, threatened to dynamite the bank in a newspaper and succeeded in getting a telephone communication with Eckert to meet him at 9 o'clock tonight at the bank and the money would be paid.

When Eckert arrived at the bank, McDonald seized him. The man drew a gun, but before he could use it, he was overpowered.

He said he was a musician and wanted the money to go to Italy where he could obtain a very valuable relic, which would make him financially independent for life.

McDonald is the man who, in 1908, arrested Mrs. Read at the International Trust Company Bank, where she had compelled Mrs. Genevieve C. Phillips to accompany her to draw \$100,000 and pay to her the cost of the killing of Mrs. Phillips with dynamite.

Phillips gave the alarm and Mrs. Read threw two sticks of the explosive at McDonald when he attempted to arrest her.

DEACON GONE:
ALSO COIN.

"Sinkiller," the Revival Leader, Gave Chase, But All to No Purpose.

[BY DIRECT WIRE TO THE TIMES.]

OKLAHOMA CITY (Okla.) April 2.—[Exclusive Dispatch.] A revival broke up in a riot here when the deacon of a rival church appointed to take up the collection on one side of the tent in which "Sinkiller" Griffith, negro, was holding forth, stepped out at the back of the church with all he had collected.

"Sinkiller" noticed the movement and shouted. Simultaneously, he started in pursuit, followed by several hundred dusky worshippers. The thrifty deacon, however, had too good a start and with the aid of friends in the congregation who "accidentally" tripped the pursuers, the deacon escaped.

Since Mr. Griffith's death, the letters continued to arrive until a day or two ago, the writer, apparently not knowing that Mr. Moffat was dead, continued to threaten the destruction of the bank by dynamite unless Mr. Moffat paid the writer \$2000.

WEAKNESS AFTER
GRIP AND FEVERS

Can Be Stopped and Normal Health Restored by the Tonic Treatment That Cured This Stubborn Case In St. Louis.

The evil effects that follow many diseases, particularly the grip and wasting diseases as typhoid fever, malaria, scarlet fever, pneumonia and the measles, are caused by the bad condition in which the blood is left. As a result, the flesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites a general decline or even consumption. What is needed is a new supply of rich, red blood to carry health and strength to every part of the body. Such a specific has been found and in hundreds of cases it has been proved that Dr. Williams' Pink Pills have accomplished this result.

The cure of Mrs. J. M. Symonds, of No. 210 South Twenty-first street, St. Louis, Mo., shows the value of these pills as a tonic in cases where the blood has become thin or impure. She says: "About three years ago, I was very ill from an attack of malaria. It left me in a very weak condition and the after-effects were as bad as the disease itself. I was generally run-down, had no strength and was very thin. I had lost my appetite and nothing seemed to agree with me but everything I ate caused me distress. My heart was weak and at times I thought it was going to stop beating. I also had an attack of rheumatism. My pains were sharp and were all over me. I was confined to bed for a month at one time."

I became discouraged with the treatment I was receiving from the doctor and quit taking his medicine. Through a friend I learned of Dr. Williams' Pink Pills and began using them right away. They were the first thing that helped and I improved until cured. I feel healthier today than in years and lower my recovery to Dr. Williams' Pink Pills alone."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, in a full allowance of sleep and no regular use of any stimulant whatever.

which are most conducive to a long life, I generally answer, moderation in eating, in full allowance of sleep and no regular use of any stimulant whatever.

BABY FOUND THE WILL.

Destructive Tiny Fingers Find It Hidden Under the Leather of a Dictionary's Old Boards.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, April 2.—[Exclusive Dispatch.] Destructive tiny fingers brought to light the will of the late Mrs. Lydia B. White and a \$250,000 estate is to be divided according to the aged woman's wishes and not probated by the court.

When Mrs. White died she gave to her daughter, Mrs. Salvatore Hernandez, a dictionary, a dictionary she had used fifty years.

"See if you can keep it as long as I did. I think a great deal of the old book," says her remark.

The volume may on the library table in the home of Mrs. Hernandez, aged 22, was playing with it Friday and amused herself by tearing off a new leather cover that had been attached over the old one. In the back cover she found an envelope heavily sealed. The envelope was opened today and proved to contain the will.

A previous document had been declared a forgery. This one, however, is accepted as genuine. Valuable bequests were made to Mrs. Hernandez and other relatives, but the bulk of the estate goes to the aged woman's brother, James P. Burnett of Mexico, who attacked the first will.

HIS CONTRACT GOES BEGGING.

Uncle Sam Offered His Timber at a Dollar Off.

But in Spite of That Generosity, no One Bid.

Railway Line Through Trinity Forest Must Wait.

(ASSOCIATED PRESS DAY REPORT.)
SAN FRANCISCO, April 2.—With the expiration of the time limit Saturday for the receipt of bids on a billion feet of timber in the Trinity national forest reserve in this State, opportunity for securing the largest lumber contract ever offered by the government was forfeited.

It had been expected an organization known as the Humboldt Eastern Railroad Company, whose efforts to buy a vast amount of the Trinity forest timber had caused the government to advertise the contract, would submit an offer, but no bid of any kind was received.

As a result, the Humboldt and Eastern Railroad's announced plan to build a railroad through the Trinity forest from Eureka to Redding will probably be abandoned, as the project was contingent on the timber contract.

Chief Engineer H. S. Graves, who is now in San Francisco, said today: "About a year ago we were approached by the Humboldt and Eastern Railroad Company, whose members said they desired to build a permanent road through the Trinity reserve if the government would sell them a sufficient amount of timber at a reasonable price to guarantee the road a proper amount of tonnage. In view of the fact that the company proposed building a road that would be of great benefit to the section in which it was to operate, the forestry department agreed to sell them the timber ready for cutting on about 200,000 acres of the Trinity reserve. It was estimated that this timber would amount to a billion feet.

"We made them a price of \$1.50 a thousand feet, which was a dollar lower than the price we usually receive from timber, and furthermore offered to give them a 10 year contract, though our usual contracts are only for five years or less. This proposed contract was the highest the forestry service had ever drawn."

Although the contract was made especially for the Humboldt and Eastern Railroad, Mr. Graves explained that in accordance with the usual procedure, bids stipulating the lowest price of \$1.50 per 1000 feet, were automatically awarded. The time limit expired Saturday afternoon, but the Humboldt and Eastern Railroad Company remained silent and no other bids were received. It is understood the railroad company desired a contract for three billion feet.

EGGS AND STATUARY.

The One Is Like the Other, Theodore Roosevelt Tells the College Students in Reno.

(ASSOCIATED PRESS DAY REPORT.)
RENO (Nev.), April 2.—A discussion of statuary inspired by his view of the bronze figure of John W. Mackay, the miner, erected at the University of Nevada by Clarence Mackay, son of the pioneer, characterized Theodore Roosevelt's talk to students of the university.

Mr. Roosevelt was impressed with the figure. He declared it to be a satisfactory piece of work and commended the university that it had been created by a master and also because the subject was "Mackay the miner, not Mackay in a frock coat."

There are but two kinds of statuary," Mr. Roosevelt said, "good and bad. A tolerably good statue is like a moderately good egg. We don't buy eggs on that basis."

RETAINS THE PROJECT.

Superior Court in Stockton Finds no Flaws in the South San Joaquin Irrigation District.

(ASSOCIATED PRESS NIGHT REPORT.)
STOCKTON, April 2.—Superior Judge J. A. Plummer sustained the validity of the organization proceedings of the South San Joaquin irrigation district, and the proceedings resulting in the subscription of \$1,575,000 bonds to purchase water rights on the Stanislaus River and an existing canal system and to enlarge it into a complete system for the irrigation and proper drainage of over 70,000 acres in the southern part of this county.

The decision was in a friendly suit brought to determine the validity of the bonds and to test the constitutionality of the Bridgford irrigation district act of 1897.

Judge Plummer sustained the act on every point brought to his attention.

Gov. Roosevelt Tells Nevadans to Stop Mismatched Folk Out of State.

"Money Is Tainted."
(ASSOCIATED PRESS NIGHT REPORT.)
RENO (Nev.), April 2.—Gov. Roosevelt's free day during his presidential address of the day, delivered in a crowd of several thousands, opened about the courthouse steps.

"It is one colony of which you want to rid yourselves," declared Mr. Roosevelt. "I don't care what you do when you of your own State seek divorces to keep citizens of other States who have divorces, out of Nevada."

"Don't allow yourselves to be deceived by the argument that such a money lynches money to your city. You may afford to have that kind of money brought here. Keep that whole colony out."

Stamp Postoffice Safe.

Stamps Valued at Three Thousand Dollars Were Taken by the Thieves From Headquarters.

(ASSOCIATED PRESS DAY REPORT.)
HEALINGSBURG (Cal.) April 2.—The safe in the postoffice here was blown open today by robbers, who escaped with an automobile with \$3000 postage stamps. The explosion aroused the postmen.

When an electric drill a hole had been bored near the lock of the safe, a charge of nitro-glycerine inserted and the safe door blown off.

The stamps taken were all of one and two-cent denominations.

Miss Pauline Anderson, who has been selected to pose as typical western beauty by Senator Luis Graner for picture he will exhibit in Europe.

CALIFORNIA GIRL SELECTED AS TYPICAL BEAUTY OF THE WEST.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, April 2.—[Exclusive Dispatch.] Senator don Luis Graner has selected Miss Pauline Anderson as the typical Western beauty to be used as the model for his painting "The Western Girl," which he is to exhibit in Paris. Senator Graner had long heard of the art possibilities of California, and came here first when he received a commission from a nobleman of Barcelona to paint several types of American beauties.

By chance Senator Graner met Miss

Anderson, who is 20 years old, and student nurse in the Children's Hospital at Tiburon. (He at once pronounced her the typical Western girl and "as pretty as a picture.") Miss Anderson has posed for Senator Graner, and her portrait is to be exhibited in Chicago and New York before being taken to Paris, where it will be exhibited before being finally delivered to the man of Barcelona who ordered it. Senator Graner is also to paint a Southern beauty before he returns to Europe.

GROVER AFRAID OF HIS SPOUSE.

HE WANTED THE OFFICERS TO SEARCH HER FOR WEAPON.

She Horsewhipped Him After He Had Trailed Her Through the Streets of San Francisco and the Court Awards Her Forty Dollars a Month Alimony.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, April 2.—[Exclusive Dispatch.] Fearing his wife, Mrs. Mabelle Parks, who horsewhipped him Wednesday night while he was pointing her out to a constable for the purpose of having a complaint in divorce served, would carry out a threat to kill him when he took the witness stand today, before Judge Morgan, Rollie Parks, club man and wholesale grocer, through his counsel, William P. Caudy, requested the court to have the woman searched when she entered the court.

When word came that Attorney Caudy was satisfied Mrs. Parks did not have a loaded revolver concealed in her clothing, the husband and father came in and the motion of Mrs. Parks for an allowance of alimony to continue until the trial of the case was called for hearing.

Mrs. Parks, her face blanched and her lips firmly set, took the witness stand. She answered all questions with decision. She wanted \$50 a month alimony, but the court cut this to \$40.

Parks names Walter Leeman as correspondent. One week ago last Saturday night, with a policeman, he followed Mrs. Parks to a dance and later about the city with Leeman. It is alleged, and finally wound up by breaking into a room in the fashionable Eureka Apartments and there, he alleges, he found Mrs. Parks and Leeman at 1 o'clock in the morning.

Witnesses in a Murder Trial Will Cross South Fork Mountain.

(Associated Press Night Report.)
WEAVERVILLE (Cal.) April 2.—The preliminary examination of Thomas Hayden, accused of the murder of Morris Nogara, and the wounding of his brother, Cevera Nogara, on December 29 last, near the Mendocino county line, was begun here today before Justice Barber.

To save mileage, Trinity county broke a trail through the snow covering South Fork Mountain for fifty witnesses summoned to appear.

CRACKSMEN TAKE COIN.

FRESNO, April 2.—Hold cracksmen early this morning dynamited a safe in the grocery store of Peter Steitz, No. 11 F street, and secured \$500 in gold and silver.

Residents were awakened by two explosions. One man saw a light in the store after the explosion, but was too frightened to notify the police. The second explosion wrecked the safe. The Sheriff was not advised until several hours later. There is no clue to the robbers.

claims is more than one billion dollars.

BOTH SIDES DISSATISFIED.

As soon as Judge Hanford had read his decision, counsel for the defense asked that an exception be noted to that portion overruling the motion for the instruction of the jury to bring in a verdict of acquittal. The defense declared also that the indictment did not charge the Pacific Coal and Oil Company with being a foreign corporation, but merely asserted that it was reputed to be one.

B. D. Townsend, assistant to the Attorney General, also took exception to the decision, to protect his right in case he should decide to attempt to appeal. The government's exceptions were based on that part of the decision which holds that the only charge in the indictment was that the defendant had entered into a conspiracy with the foreign corporation to defraud the United States.

At the request of Mr. Townsend, court took a recess until tomorrow, to permit the government to rearrange its evidence to proceed with the trial in accordance with the ruling of the court that the foreign corporation conspiracy was the only clause in the indictment upon which the trial could proceed.

DENIES OVERTURES.

President of the Seeded Raisin Company Says His Concern Is Not Discrepancy on Question of Absorption. (ASSOCIATED PRESS DAY REPORT.)
FRESNO, April 2.—A. Gartenbach, president of the Consolidated Seeded Raisin Company, on his arrival from San Francisco today, denied the published report that his company had made overtures to the independent seeded raisin companies looking to their absorption and to the end of the seeded suit war.

He declared the Consolidated has made no overtures of any description and that the seeded fight will be pressed to a finish. Many suits are pending, the largest alleging infringement of the Pettit seeded patent, to which the Consolidated claims exclusive rights.

SLOPE BRIEFS.

No Redress for the Innocent.

SAN FRANCISCO, April 2.—That an innocent purchaser of government land cannot acquire title from a patent procured by a fictitious personage was the decision today of the Federal Circuit Court of Appeals for the Ninth District, in affirming the decision of the Federal District Court, San Francisco, canceling the patents held by G. R. McLeod.

MARK TWAIN

Just before his death, Mark Twain said to his publishers, Harper & Bros.: "I would like to have my work in every American home. I will agree to sacrifice most of my royalties in large edition can be sold at half-price and on little payments."

The generosity of Mark Twain and the saving resultant from publishing an immense edition (since his death) makes possible this offer.

The Broadway Department Store has fortunately secured the distribution of the limited number of half-price sets allotted to this section. This is something more than a special offer of books: It is an opportunity—your Mark Twain opportunity.

THOSE WHO LIVE OUT OF TOWN OR CANNOT CALL will find in the coupon below one of the fairest and most liberal book propositions ever made. That coupon means exactly what it says. Read it. You are invited to use it. proves our utter confidence in these books and in the merit of this proposition.

Mail it now before you forget it.

Mark Twain was undoubtedly the most representative American writer. An American, blood and bone, heart and head; he was not only the world's greatest humorist, but he was a wonderfully versatile writer, an entertaining story teller, a historian of periods, an intimate chronicler of local conditions, a historical novelist. He was a philosopher of life, a keen observer, a brilliant essayist. He had those qualities that are typically American, Huckelberry Finn's genial tolerance, united with the high ideals of Joan of Arc. He was uncompromisingly honest, he hated pretense, affection and adulation.

ALL CLASSES, ALL AGES LIKE MARK TWAIN.

Can any one name any books which will appeal alike to a boy or a girl, a mother or a father, a grandfather or a grandmother, and be read, re-read and then read again as will Mark Twain's books?

President Taft says: "Mark Twain gave pleasure—real pleasure."

Boys and Girls will read good books or bad books. They prefer good books if they are Mark Twain's. Good books are not necessarily uninteresting. Tom Sawyer, Huck Finn and Joan of Arc are wonderful character builders. They are also interesting. They make better boys and girls. Honesty, decency, character, cannot be pounded into a boy. These traits can be imbibed by reading Mark Twain at HOME.

In this set there are beautiful pictures by such artists as Brown, Frost, Beard, Newell, Diekmann, Thustrop, Smalley, Clinebald, Moran, Weldon, Kemble, Gilbert, De Mond, Merrill, Oppen, etc. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and built.

Please send me for examination, carrying free, a set of MARK TWAIN'S WORKS, Author's National Edition, 25 volumes, \$1.00 per volume. I will return them in five days a year's expense. If I keep the books, I will remit \$2 a month to Harper & Bros. until the full price, \$25.00, has been paid.

LODGE INDORSES ARBITRATION, BUT NOT OF EVERY BIG QUESTION.

Sir Oliver Points Out Some Things That, He Says, Are Beyond the Range of Mere Academic Adjustment—Champ Clark and Andrew Carnegie Hold a Conference About Peace.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, April 3.—Sir Oliver Lodge, writer and principal of the University of Birmingham, in a lengthy review of the possibilities for a general arbitration, published today, said that while everything arbitral could be arbitrated, there are certain things which no nation would consent to submit to arbitration.

For instance, he does not believe the United States would agree to arbitrate matters which would involve the power of the United States to interfere in the affairs of other nations, or the right of the United States to interfere in the affairs of other nations, or the right of the United States to interfere in the affairs of other nations.

He also considers quite outside the possibility of arbitration as he believes that to secure such an outlet has been a long standing secret policy of the German government.

In naval and military circles the suggestion has been advanced privately more than once that the real objective of the German fleet was the Mediterranean, and not the North Sea, and Sir Oliver now openly voices the same idea, suggesting that on the death of the Austrian Emperor, Germany will make a great effort to get a seaport in the Adriatic with a territorial connection with Germany.

The new German fleet, the writer contends, is intended to overawe Italy and France in order that operations may be carried on peacefully in spite of their protests. In such an event,

PREDICTS TREATIES OF ALL THE POWERS.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, April 3.—Representative Foster of Vermont, ranking minority member of the House Committee on Foreign Affairs, predicted today that arbitration treaties would be negotiated between the great powers of the world, the United States to take a leading part in framing the negotiations.

Mr. Foster named the United States, Great Britain, France and Japan as the powers that would enter into negotiations. Eventually, he said, the other powers would be forced to take similar action.

Mr. Foster said that he had had personal conversations with the Mayor of Tokyo and other prominent Japanese, and that he believed the sentiment in Japan was in favor of such agreements.

Andrew Carnegie and Speaker-designate Champ Clark held a short conference today over the general subject of arbitration arrangements with England. Mr. Carnegie requested the conference, but neither of the parties to it would say what phase of the matter had been discussed.

"I am in favor of any peace measure that is rational," said Mr. Clark later. "Such an arrangement between the United States and England is exceedingly desirable, because the war of the same blood and language. More than that I heartily favor any proper steps towards the establishment of universal peace and believe that on account of our wealth, our population and our exceedingly favorable geographical position, we ought to lead the world toward such an end."

WAS ONE VACANCY in the last session, caused by the late Senator Hughes of Colorado.

VETERANS ARE MISSING.

More notable even than the large number of new faces in the Senate and House will be the absence of so many veteran legislators. Chief among these whose absence will loom large will be Tammey of Minnesota, Boutwell of Illinois, Scott of Kansas, McKinley of California, Bennett, Fish, Parsons and Cocks of New York, Hull and Smith of Iowa, Denby of Michigan, and Ketter of Ohio. Mr. Cannon will appear in the ranks of the minority. Four members, Hitchcock of Nebraska, Poinsett of Washington, Clegg of North Dakota and Townsend of Michigan, have been elevated to the Senate.

No longer will the Senate roll call open with the familiar name of Aldrich, the Rhode Island leader, having voluntarily renounced another term to devote himself to leisure and the study of monetary reforms. He will be succeeded by Henry F. Lippett.

Many other striking figures will be missed from the Senate floor, notably Hale of Maine, succeeded by Charles F. Johnson; Beveridge of Indiana, who was vanquished by John W. Kern; Keane of New Jersey, in whose place will be James E. Martine; Warner of Missouri, replaced by James A. Reed; Dick of Ohio, replaced by Alton Pomeroy; Carter of Montana succeeded by Henry L. Meyer, while the place of Senator Dewey was filled by the election of Justice James A. O'Gorman. All of these changes represent Democratic gains, except in the case of Rhode Island.

The other Senate changes will be Fraxler of Tennessee, succeeded by Luke Lee, the youngest of all the Senators; Money of Mississippi, whose place will be filled by John Sharp Williams, formerly the Democratic leader in the House; Flint of California, succeeded by John D. Works; Bulkeley, of Connecticut, who gives way to George P. McLean, former Governor of that State; Burrows of Michigan, whose mantle is to be worn by former Representative Townsend; Burket of Nebraska, succeeded by former Representative Hitchcock; Scott and Kilgus of West Virginia, the former to be succeeded by W. E. Chilton, while C. W. Watson already had taken the place of Senator Elkins; and Pile of Washington, succeeded by former Representative Poinsett.

The Iowa Legislature has been deadlocked for several weeks over an effort to elect a Senator to fill the unexpired portion of the term of the late Senator J. P. Dolliver. Lafayette Young of Des Moines is sitting as the junior member from that State. His services will continue until the Legislature elects or adjourns without action.

BRYAN IS REJOICING.

William J. Bryan is in the national capital rejoicing with the members of his party here that tomorrow there will be called to order the first Democratic national House of Representatives in sixteen years.

Mr. Bryan had numerous conferences with various leaders, including Champ Clark, who tomorrow will take the Speaker's gavel; Senator Owen and others. He expressed himself as highly gratified by the excellent harmonious start which has been made, declaring that it augured exceedingly well for the future.

"I have no intention whatever of leaving Lincoln," he declared in response to a question as to what he would tell a committee of prominent business men from Memphis, Tenn., who are on their way here to invite him to make Memphis his future home.

COLORADO'S DEADLOCK LOSES DEMOCRATS VOTE.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, April 3.—A deadlock in the Colorado Legislature is without doubt the most serious situation in the United States Senate an additional vote. The Legislature is Democratic by a good majority, and a United States Senator to fill the vacancy caused by the death of Charles Hughes, Jr., could readily be chosen if the majority members could agree on some one.

The likelihood of an adjustment of the situation at an early date is not very convincing and, although the three-day recess taken when the Legislature adjourned Saturday last to Wednesday of this week may develop a decided change, no leader is willing to assert that such is probable.

Since balloting began, about the middle of January, Mayor Robert Speer of Denver has led his fellow-Democrats, but never has been able to get more than twenty-eight of the necessary fifty-one votes. Former Gov. Alva Adams has been running second with an average of about twenty.

YUKON SEEKS GOOD ROADS.

Legislature Adjourns After Adopting Budget of \$248,000, Including \$15,000 for Automobile Boulevard Between White Horse and Yukon Crossing.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA (Wash.) April 3.—[Exclusive Dispatch.] The Yukon Legislature adjourned Saturday at Dawson. The budget adopted embraces \$248,000 for territorial expenses for the year, the principal item being \$25,000 for hospitals, \$17,000 for schools, and \$12,000 for roads, including \$15,000 for an automobile boulevard between White Horse and Yukon Crossing.

A memorial was sent to the Federal government for a special allowance of \$50,000 to complete the boulevard at Dawson and thus make the last link in the northernmost section of the Pacific highway project.

Memorials were adopted favoring the placing of all mining machinery on the free list, asking for a wireless telegraph system to displace the present land system and favoring the removal of the royalty from gold quartz.

The Constitutional Democratic candidate, Nikolai V. Tikhonov of Moscow, Russia, won in the bye-election for the seat in the Duma made vacant by the retirement of Feodor A. Galovino, a constitutional democrat and a former president of the body.

MOST MODERN IN AMERICA.

Huntington Beach Sugar Factory, Now Under Construction, to Have No Equal Anywhere.

The modern sugar plant of America is the Huntington Beach plant of the W. M. Wiley Company. It is being constructed at a cost of \$1,000,000, one mile northeast of the city limits of Huntington Beach, directly on the Pacific coast railway, and will be ready for operation on July 15. Practically all the construction will be of reinforced concrete, steel and brick. The main building, of which a picture is herewith presented, is 80x450 feet in size, and the stack to give draft to the furnaces, is 150 feet high. There will be eight buildings in all, the others being, powerhouse, machine shop, boilerhouse, warehouse, main office, superintendent's house, master mechanic's house and an enormous beet shed, the latter covering as much ground as the main building. There will also be a concrete oil tank, twelve feet high and 150 feet in diameter, which will hold 100,000 gallons of oil. All waste wa-

ter and pico streets, was arrested by Constable Jack Adams of Justice Summerfield's court last evening.

Mr. Kirkpatrick, who is just recovering from pneumonia and came from Murietta, Hot Springs, was dumped when placed in custody. He obtained the \$1000 bail demanded and was released.

The arrest, he asserts, is really based on his note for \$200, which he agreed to pay, but asked a little time as his illness took him away from his business.

for the death of Morley Mc-
niffer after the Coppey in-
vestigation.

One night lately in Clifton
James Baldwin opened the
front door in response to a
knock. A man in a dark
masked man, who robbed her
monds worth \$100. A couple
afterward the diamonds were
found in the house. The
age which had been thrown

**Water Fowl Make Periodic

[Special Correspondence of The Times]
THREE RIVERS, April 3.
Fry, chief ranger of the Sequoia
National Forest, has been a resident of
the mountains for many years. He
is an enthusiastic amateur natu-
ralist and has completed and submitted
to the government at Washington an
extensive report on mountain bird
life. The bird life which he
describes is in the park.

This report sets forth the fact
that there are no less than 216 distinct
species of birds to be found in the
various seasons of the year.
The birds are in relation to
family and genera.

In the mountains there are two
distinct migrations, the one of lat-
tude, the other of elevation. This is
the fact that the insect life
of the mountains is more abundant
at higher altitudes at different sea-
sonal periods and the birds move from
year to another to secure the
which the insects furnish food.

One of the surprising things in
the report is the statement that the
so-called water fowl make peri-
odical visits to the Sierras. Where
birds start their migrations from
the coast, they are in noticeable num-
bers in the hills, where they stay
a few days they apparently rest for
long journey and are then off
north. The list of water fowls in-
cludes the mallard, the golden eye,
all considered anything but a
tory fowl. Golden eagles, contrary
to general report, are quite com-
mon in the American Sierras.

number of tourists. This office was

MONEY UP ON FLEET TARGET PRACTICE.

Department at Washington, Ac-
cording to Report, Has Ordered an
Investigation With a Purpose of
Knowing Such Wagers If He Be
That They Have Been Made.

DIRECT WIRE TO THE TIMES.
DIEGO, April 2.—[Exclusive
The beginning of target
by the five cruisers of the
fleet off Coronado Island to-
day was the cause of lively dis-
cussion and much rivalry between
the respective vessels today.

Salvors of the West Virginia,
Delaware, Colorado and Penn-
sylvania have taken such interest in
the coming target practice that large
amounts of money have been wagered
on the result. The department at
Washington, it is stated, has been
apprised of the situation, causing an
investigation by Secretary Meyer to
be made with a view to stopping such
wagers if it is found they have been
made.

Complicates MANEUVERS.
The absence of the fleet from
San Diego, it is stated, has been
appreciated by the department at
Washington, causing an investi-
gation by Secretary Meyer to be
made with a view to stopping such
wagers if it is found they have been
made.

PAY POSTPONED.
The expected pay of the 3400 troops
of the regular army here is not
forthcoming today. It is expected
that the paymaster had orders
sent to the paymaster until after
the troops are moved to the new camp
at San Diego. This order was
issued because of the dissatisfaction
of the troops, who had anticipated
that they would be given an
opportunity to spend their surplus
cash in San Diego before the re-
turn.

the fighting through Chinatown and
the man on an attack upon the goat.
The man was killed by the goat.
The dog sprang to the combat,
met him with a rush, butting the
man to the street. Time and again
the fight was repeated. Chinamen
dragged the badly battered
man away. The incident is now be-
ing fought out in the police court.

SHY'S HUMILIATED.
Elizabeth Thompson filed an
order today against E. B. Coats, for
Coats owns a rooming-house
where, which is under Miss
Thompson's care. Coats wants to get
Thompson out of the house, and
today over the hills toward Victor-
ville, but failed to find her. It is
thought probable that she has per-
ished from hunger and exposure. She
is described as tall and 30 years old.

BRAWLEY, April 2.—The City Trust-
tees of Brawley have adopted a resolu-
tion commending the movement to or-
ganize an irrigation district here under
the State laws and urging every citizen
to work for this end.

PRISONERS ESCAPE.
Several men from outside who are
interested in the prospective oil fields
of Carrizozo Creek region have been
in Brawley the last two weeks, on their
way to this field. This town will be the
supply point for the district and it is
probable that much activity will take
place in this field during the ensuing
two months.

COLTON, April 2.—Mrs. Eva Klus-
man and R. E. Pritchett were married
yesterday at the home of the bride's
sister in San Bernardino. The bride is
daughter of Mrs. Kate Tredennick of
North Eighth street. The groom is
head miller at the Globe Mills in this
city.

An autopsy will be performed this
morning on the remains of an un-
identified man, found dying in East-

terday afternoon. The officer hurriedly
called the police ambulance but be-
fore it had arrived the man expired.
No marks by which identification could
be made were found about his clothing
and, because the laundry marks had
been previously removed, the police be-
lieve it is a case of suicide.

FEET OF HUBBY IN THE WASH.

WIFE DOESN'T TAKE KINDLY TO DOING ABLUTIONS.

Says, in Complaint for Separate Maintenance, That She Feared Abuse If She Refused to Comply With His Nightly Demand for This Cleansing Act.

SANTA ANA, April 2.—Not taking kindly to the biblical washing of feet, Mrs. Emeline D. Poole of Orange, al-
leges in her list of grievances against her husband, William D. Poole, that each night for many months, she has washed and wiped his feet.

She did so because she feared abuse if she refused. Her husband's de-
mand for this nightly act, which while it was humiliating to her may have been of comfort to him, is cited as one of his acts of cruelty.

Mrs. Poole today brought suit for separate maintenance against Poole, who lives at Orange. Her complaint states that before she married him at Manhattan, Kan., in 1904, Poole agreed that he would make some provision so that should he die, Mrs. Poole's children would be assured of support and education until they became of age.

The woman was a widow, and the promise to provide for the children was one of the promises that caused her to consent to marrying Poole.

Beside the frequent foot-washing oc-
currences, Mrs. Poole alleges that her husband has been cruel in that he has failed to provide her with any "pin" money. So penurious has he been that she often had nothing with which to buy stamps, she alleges. She says that last February, there was a visitor at the house, and, to provide bed-clothing, she had to take some from her son's bed. She spread Poole's overcoat over the boy. Poole later demanded his overcoat, and after his wife went to the son's bed to get it, he broke out in a rage, and so the visitor heard him.

BIG MARCH IN MARCH.
March was the biggest month the office of County Recorder G. E. Peters ever had. The fees amounted to \$128.80. The biggest month before March was January when the fees totaled \$129.25.

G. W. Wilcox of this city declares that he has a pen of ten Black Or-
pington hens that holds the record for egg production for a period of twenty-eight days. Wilcox says that in that period he got 215 eggs from his pen of ten Black Orpingtons, an average of 21.5.

Negligence of Company Shown in Suit of Laborer for Injuries Received While in Their Employment.

The District Court of Appeals yes-
terday affirmed the verdict of the
jury in the case of the negligence of
the Pioneer Truck Company in 1921.
Egan was entitled to recover from the Southern Pacific.

Egan was employed as a track
laborer and had acted as such for
many years. He was fixing a tie and

proven.

WANTS A FOSTER GAIT.
Writer of Letter Complains of City
Sealer, and Civil Service Commis-
sion Cites Letter to Appear.

The Civil Service Commission at 5
o'clock this evening will be before Samuel W. Green, city sealer of weights
and measures. This is the outcome of
a campaign against Green, instigated
by one Charles Howard, who gives his
address as No. 411 Towne avenue.

Howard wrote a letter to the com-
mission in February, in which he
charged Green with moving too slowly
in a case he was pushing against
Bishop and Company, at Seventh and
Alameda streets, whom he accused of
selling him some cookies at short
weight. He took this matter first to
the Mayor, and later to the District
Attorney, but to no avail.

Howard abused Green in the letter,
and appeared in the offices of the com-
mission to urge action. He was told
to wait.

A second letter, scrawled in pencil
on copy paper, and dated April 29, has
come to the commission from Howard.
He states that he has been persecuted
by the police and warned to leave town;
that he has applied at various places
for work, and it has been refused him.
Then he launches into a tirade, in-
sulting the Mayor, the District At-
torney, the Merchants' and Manu-
facturers' Association, says he is leav-
ing the city to escape a jail sentence.

DEATH COMES TO A PIONEER.

BUSINESS MAN SUFFERS STROKE IN APPARENT HEALTH.

Seized With Heart Failure As He
Enters His Office and Dies a Few
Minutes Later—Was a Thirty-second
Degree Mason and Popular in
Community.

Fred Zucker, a business pioneer of
this city, residing at No. 1614 South
Grand avenue, was stricken with heart
failure on entering his office at No. 201
North Main street at 4:30 o'clock yes-
terday afternoon, and died a few
moments later. He was apparently in the
best of health, and his sudden death
will shock a large circle of friends. He
was a Thirty-second Degree Mason.

Zucker was born little more than fifty
years ago in a suburb of Vienna. When
10 years old his parents came to Amer-
ica and settled at Cleveland, O., where
his mother still lives. Zucker came to
Los Angeles nearly thirty years ago
and was one of the founders of the Los
Angeles Warehouse and an organizer of
the Pioneer Truck Company in 1921.
He was secretary of the company and a
third owner of the business. He was
also one of the organizers and treasurer
of West Gate Lodge, F. and A. M., a
Shiner, a member of the Royal Arcane-
um, the Knights of the Maccabees and
the Foresters of America.

He leaves a widow, a daughter, Miss
Zucker, who is studying art in Ger-
many; three brothers, Peter Zucker, an
attorney in New York; Maurice Zucker,
a commercial man in San Francisco;
and Herman Zucker, manager of the
William Elcker Manufacturing Com-
pany in New York, and a sister, Mrs.
Kone Barth, who lives with her mother
in Cleveland.

REVIVAL OF WARTIME MUSIC.
The orchestra of the Young Men's
Christian Association gave an eight-
piece concert last night, at which more
than thirty men took part. The special
guest was Col. George H. Wheelock, of
Kalamazoo, Mich., who treated the boys to
fancy snare drumming. The orchestra
has in contemplation the organization
of a life and drum and bugle corps,
and desires to interest young men in
the movement.

LATE ACTRESS COVETS DRESS.

MISTRESS WHO EMPLOYED HER AS GOVERNESS, ROBBED.

Police Strike Claw and Seize Boxes
Ready for Shipment and Recover
Part of Stolen Goods at Her Lodg-
ing—Creates Scene in Jail, Then
Confesses.

Mrs. J. Lee Rauch, a pretty young
woman who was formerly on the
vaudeville stage, was arrested yes-
terday afternoon by Detectives Ritch and
Roberts at her room, No. 321 1/2 South
Spring street, charged with grand lar-
ceny. She is alleged to have stolen
about \$700 worth of lingerie and jew-
elry from Mrs. C. L. Wright, a patient
at the McBride Sanatorium in La-
marda Park.

Mrs. Rauch, who has been known
under the names of Marie Thomas,
Lily Davis and Mabel Thompson, be-
side her stage name of Lily Dale, is
said to have a husband living in Car-
bondale, Ill. How long she has been
in Los Angeles and how many other
places she has lived, she was unable
to learn because of her many
conflicting stories.

About two weeks ago Mrs. Wright,
the wife of a wealthy attorney of San
Francisco, on entering the sanatorium,
sought a governess for her little child.
Mrs. Rauch was obtained through an
employment agency. Her services,
however, were not satisfactory, and
she was dismissed.

When Mrs. Wright returned from an
automobile ride she was amazed to
find that a locker of which she be-
lieved she had the only key had been
opened and robbed of a lace dress
worth \$200 and other costly arti-
cles of wearing apparel.

The new governess informed Mrs.
Wright that the other girl had gone
to the closet before leaving. A search
warrant was obtained by the de-
tectives, to whom the matter was re-
ported. Much of the stolen property
was recovered at the girl's room, be-
sides two express company's receipts.

Following up this clue, the de-
tectives, provided with another search
warrant, hastened to the railway sta-
tion, where they intercepted two
boxes consigned to Mrs. Rauch's for-
mer home at Carbondale. It was
learned that one box had already been
shipped by her, and this will be
broke out in the police station.

When taken to the City Jail the girl
grew hysterical and cried that she
was about to become a mother. In
the Receiving Hospital she threw her-
self to the floor, but the police sur-
geons could find no reason why she
should not be locked up in a cell, and
she was turned over to the matron.
Later she made a confession and gave
a full list of the articles stolen from
Mrs. Wright.

THINK HE'S THE PEEPER.
Special Officer Arrests Man He
Catches Peering Into Windows on
West Forty-third Street.

Wesley Kinnitt, 35 years old, be-
lieved by the police to be the "Peeping

dents of West Forty-third street, was
arrested last night by Special Officer
D. C. Love and locked up in the Uni-
versity Police Jail.

Love says he watched Kinnitt peer-
ing through three or four windows on
Forty-third street, near Walton. Kin-
nitt told the police he lived at Thirty-
ninth street and Halldale avenue.

FROM COTTON FIELD TO KITCHEN.
Cottolene comes from the oil of the
cottonseed. Without touch of
human hands, it flows through the fac-
tory from one process to another, and
finally into pails sealed air-tight by
special machines, and protecting the
fat from dust and odors.

Cottolene is a fat from most other cooking
fats—made from hog fat, which is at-
ways more or less indigestible, and in-
ferior in quality—and marketed in tubs
or loose-covered pails.

From cotton field to kitchen, Cotto-
lene is made with the single aim of puri-
ty, healthfulness and cleanliness. Of what
other cooking fats can this truthfully be
said?

Westmoreland Place
"The Beauty Spot of Los Angeles"

THE CHARACTER of this property appeals to people
who want THE BEST. The location—simply ideal. The elevation is
good—the view unsurpassed. Improvements are of the very highest type.

Driveways and walks are broad, and bordered with rare flowers and semi-
tropical plants. Here one may have the privacy of a home in the country—
and yet be within 12 minutes of the business center. Reached via West Pico
and West Eleventh street lines.

PRICES ARE LOW, if the type of property is taken in-
to consideration. Inside lots, desirably located, for as little as \$125 a
front foot. Corners for as low as \$150 a front foot. All lots are 100x200
feet. Additional frontage may be had. Westmoreland Place offers an ex-
ceptional opportunity from an investment view-point. Property such as
this doubles in value within a comparatively few years. This is true of
other large cities — and Los Angeles is just now beginning to grow.
